

Andrew Beharelle

Andrew is Director of Philanthropic Analytics, he is a seasoned analytics professional who provides his wide-range of knowledge to GG+A's Analytics team. In his role, Andrew manages data operations processes, empowering clients to make the greatest use of the firm's DonorScape services. Whether he is improving old products or developing new ones, Andrew creates opportunities to extract the most relevant data in donor identification.

Previously, Andrew was a Senior Data Science Consultant at the business advisory firm FTI Consulting. He used his extensive knowledge in systems analysis to craft investment portfolio profit and loss scenarios with machine methods.

Before FTI, Andrew offered his data processing expertise to the economic consulting firm Compass Lexecon, where as a Data Analyst and Information Professional, Andrew analyzed the conditions of adverse environmental occurrences to determine legal damages.

Andrew earned his Bachelor of Arts in Political Science and Masters of Science in Library and Information Science at the University of Illinois in Urbana-Champaign.
